Surround AI Version 1.0

Article I. Project Resources

Section 1.01 Links to key project files.

- (a) *Such as: Setup programs, source code repository, online documentation, discussions board and blog post.*

Article II. Installation Package

Article III. Source code

Article IV. Revision History (What's New)

Article V. Documentation

Article VI. Slide Presentation

Article VII. Contributors

Article VIII. Project Info

Section 8.01 What is the project?

- (a) Name, Purpose, License

Section 8.02 Who is working?

- (a) Project Leaders, Development Team, Sponsors.

Section 8.03 How can you find more information?

Section 8.04 Project Presentation

Section 8.05 Project Roadmap (If Applicable)

Section 8.06 Key Contacts

- (a) Project Leaders
- (b) Mailing List
- (c) Development Team
- (d) Project Managers

Section 8.07 Releases Info

- (a) Current Release
- (b) Last Reviewed Release
- (c) Other Releases

Article IX. Overview of the Surround

Section 9.01 Overview of Surround

Section 9.02 Why was surround created?

Section 9.03 Issues being addressed.

Section 9.04 Provide enough context to understand the project.

Article X. Description

Section 10.01 Add more robust project Description

Section 10.02 Purpose of the project

Section 10.03 How it can be used and value it provides to the end users

Article XI. Licensing

Section 11.01 Consult with client

Article XII. Roadmap

Section 12.01 As of 2nd of May, the priorities of the project for the next 6 months are:

Article XIII. Surround Architecture

Article XIV. Deployment of Example 1

Article XV. Deployment of Example 2

Article XVI. Installation

Section 16.01 Requirements

- (a) macOS
- (b) Linux (x64)
- (c) Linux (arm)
- (d) Windows (x64)
- (e) Windows (x86)

Section 16.02 Download and install

- (a) Clone Surround AI
- (b) Install Python 3
- (c) Surround installation
- (d) IDE setup

Section 16.03 Other installation methods

Section 16.04 Verifying your installation

Section 16.05 Getting started

- (a) Hello World
- (b) Run Hello World

Section 16.06 Staying up to date

Section 16.07 Troubleshooting

Section 16.08 Uninstalling the Surround

Article XVII. Epl architecture overview

Article XVIII. Apple Shares Price Architecture Overview

Article XIX. Comparison of Epl in surround vs without surround

Article XX. Comparison of Share Price in surround vs without surround
